To the President and Members
of the
Board of Revenue

Gentlemen,

Para 1st I have the honor to forward
No 1 a Statement shewing the Balances
against each Estate of the Minor Zemin-
dars —

2d When I transmitted on
the 22d July 1814. a Statement of Minors
v Pollams which I recommended to be
assumed, I did it under a conviction
that the Minors had been regularly
reported to your Board, but as no such
Report appears on Record in the Office,
I was mistaken — I shall therefore
proceed to lay before you such infor-
mation

Maudoor Varadhymaday Comby.

mation upon these Pollams as I am enabled to attack.

3d. In Fasly 1213. when the Maudoor Pollam, which is settled in perpetuity, was restored to Venkitsawmy [illegible] after assumption for arrears, he gave up the Management of it to his Eldest Son Seroomalay Venkitsawmy naick who died in Fasly 1221. leaving a Son aged 10 Months who also died in the following Year, since which period, the Country has been continued under Accounts as Ananda Ebala naick, the Brother of Seroomalay Venkitsawmy naick, from the Father being unwilling to take charge of it [illegible] Senior age. As there is a Balance of [illegible] against the Estate it has been up

† He is now about 17 Yrs of age

4th. Sent for him to communicate the orders of Your Board. He arrived accompanied by his Father, and on my telling them, that if

R

Jr required from both father & son if they were willing to assign ~~they would assign~~ over their Estate to the Crear ~~they would~~ being to be generated from all Balances, they hesitated & said, that the Company might keep it under their Management, if they would make some allowances to them for their support, but they did not like to resign all claim to an Estate which had descended to them by hereditary right — This appears to be the case with ~~all~~ most of the Zemindars — they do not object to their Estates being taken under Management, but they cannot bear the Idea of resigning all pretensions to Estates which have been in their family from time immemorial — it is this pride & feeling for ~~in fact they have~~ their Hereditary rights which makes them object to the assignation required of them — The Estate has been assumed and I now await

Jour

your further orders.

5th In Savashymaday there is a Balance of Star Pagodas 1129. 21. 20. In fasly 1219 the Zemindar died, leaving a Son about 7 Years of age; Since that Fasly the Sistemrar Rist has not been regularly paid, and the Country in consequence is now under a Sumpsetion and a Silbendy Establishment as is shewn in Statement No 2.

No 2.

6th In Combay the Zemindar was recommended as a Minor in Decemr. Novr. 1805. There is at present a Balance against the Estate, amounting to Star Pagodas 4999 21. 10. Last year, he became of age, and took charge of his Zemindary, the whole of the Rists for which, he has discharged; but as he considers it too highly assessed, he is desirous

vide Mr Cairns Letter 9th Novr 1805

desirous of relinquishing his claims to it
provided he may be released from all
Arrears, and some small provision allowed
him — which I would recommend to be complied
with

In Pullicopanaicken, a
Pollam settled in perpetuity, a Balance
of Star Pagodas 307 of 20 for last
Year only exists — When the Veeninden
died, he was succeeded by the present
Minor now 14 Years of age, who was
recommended on the 22d July 1814 as a
Ward of Court, and that Rayaindien
the person who acted in the Capacity
of Karbar during the late Veeninden's
life time should superintend the Affairs
of the Estate with which he was per-
fectly acquainted, and that Arnia-
-chellom pillay should be nominated
his Guardian — Tho' there is a Balance

of S.Pag.s 347 N. 25. against the Estate, there can be no doubt of its being finally paid. I request therefore to be favoured with your instructions as to future Management.

Comaravaddy is a temporary settled Pollam of Manapara. there is a Balance against it, of P.s 2997 23. 42. after the deposition of the Poligar, his son by his first Wife succeeded to the Zemindary, who died in June 1819. He was succeeded by the son of the second wife who managed it some time, when he died without Issue. In June 1823. a Natural son succeeded according to the Custom of the Country, and as he was a Minor, He was recommended to be taken under charge of the Court of Wards, but as there is a Balance against the Estate, it has been assumed

K

9th. Ramghurry was recommended to be taken under Minor Management in 1813 for Mottalaghurry Lavvy Naick who died in 1810. He was succeeded by Poonya naick who died leaving a son named Narrimma naick aged 4 Years. On the 22d July 1814 it was proposed to put the Country under the Management of the Court of Wards, but as there is a Balance of Sp. Pc. 5203 " 23. against it, it has been opposed.

10th. Tavaurom temporary settlement is another Minor — against this Estate there is no Balance, but as it has not been settled in perpetuity, Your Board may hesitate in taking it under the Court of Wards — ~~the Minor is about 16 Years of age, and is capable of managing~~

his Country, it might therefore be as well proper to deliver it up to his charge but should you not think this advisable but to continue not

I would recommend that Pelangandy pillay who was Karbar in his father's life time, be continued in the Office, and that Sundrelingom pillay be nominated his Tutor, and that the Allowances to the Family be regulated as mentioned in the Statement which accompanied my letter of the 22d July 1814. The Minor is now about 13 Years of age

I request to be favored with your instructions if a Malikana of 10 P Cent is to be granted to the Minors, whose Estates may be assumed similar to that which is allowed on the assumption of the Estates to Zemindars whose Pollams are only temporarily assessed.

To the Commissioners

R

Gentlemen,

1st I have the honor to forward Statements in the Form transmitted by you for the different Talooks & Zemindaries as per Margin List. These I should have sent before had I not been disappointed in the receipt of Statements from some of the Zemindars, who, from not having prepared them in the Forms required, have obliged me to return them -

2. Statement No 1 is not applicable to this District -

3.

Statement
No 2.

My opinion coincides completely with Mr Jarvis's report to the Select Committee dated 10th July 1805, that I beg leave to send you the following Extracts from it; in doing which, I feel that it is impossible for me to convey more decisive information on the subject of the 3d Paragraph of your letter—

"4th The Hindoo tradition "of every circumstance connected "with their Government in these "Countries, sets forth the most per- "fect model of administration; among "other subjects it is recorded, that the

"the Police establishment of those
"times afforded ample security to
"persons & property; as well by the
"prevention of Crimes, as the speedy
"apprehension of Offenders – how low
"for such a record, drawn up by
"Individuals on the hearsay of others,
"& founded on no public authority, is
"entitled to Credit, remains with the
"Committee to judge –

"6th If the Police was conducted
"as which I doubt much, with
"some regard to the public welfare
"previous to the extinction of the
"Hindoo Government, it is nevertheless
"to be supposed, but that the total
"want of Efficiency in the Nabobs
"Administration, must in the

course of 70 years, have entirely
perverted its original institution
Whatever restrictions may
have existed during the Spanish Go-
vernment to ensure the fidelity &
vigilance of Cowlgars, they are
not to be traced in the late state
of the Police — My own opinion
of the general inefficiency of that
System, and the Concurrent testimony
of the Oldest inhabitants, that it
has undergone no visible change
of Either marked relaxation or
increased vigilance within their
recollection, induces me to forbear
troubling the Committee with
any detailed Explanation of the

the comparative degree of population
the Police appointed under former Govern
ments — Convinced that at no period
of time the duties attached to the
Cawlgars Office, however inadequate
to ensure perfect security, have been
more efficiently executed, than since
the extinction of the Nabobs authe
rity in this Province.

2d This favorable change
in the regulation of the Police, is
not however to be solely attributed
to the vigilance of European au=
thority, for altho' prompt and
decisive measures might in a
certain degree have checked the
outrages daily committed by

Collenies

on the high road and in the Glens
still that alone would not have
been sufficient to eradicate the evil
without additional means of
enforcing respect to our Laws. It
therefore became necessary to form
an establishment of Sibbendy peons
who were spread over the Districts,
and supported in the execution of
their Duty by vigilant Revenue
Servants, and which soon restored
that degree of security in the Country
which had not been known to exist
for many Years whilst the Cavelgary
exercised the important Office of
Police.

7th It would answer no good
purpose to repeat in this place, the

"the opinions which have uniformly
"been expressed by persons, who from
"their situation had an opportunity
"of judging of the general character
"& conduct of the Cawolgans in the
"Southern Countries — My own senti-
"-ments upon this subject are, that
"the Cawolgans were the only robbers
"by profession — that instead of
"preventing by their authority the
"Commission of Crimes, they were
"in close connexion with the Collecters,
"and if not personally concerned in
"acts of aggression on the lives &
"property of the inhabitants, that
"they received a portion of the Stolen
"property as the price of their
"forbearance to bring the Offenders

to justice — that the ascendency
which the Carabiniers had in con-
-sequence obtained over the Electors ren-
-dered their continuance in Office,
unsupported by other Checks, an object
of public alarm, nor that any evil
could be ever expected to arise from
their Employment unless those mea-
-sures which have been adopted in
this Country for keeping a watchful
Eye over their Conduct continues the
rule of our action — In their present
Situation of restraint, they are in-
-capable of doing material injury,
because wherever the Carabiniers
are employed, it is always in a
subordinate Situation acting under
Police Officers immediately appointed
by

With regard to Potails,
no such Class of people exists in this
District, or are at least known by that
denomination — The Heads of Villages
are termed Nattamkars, a great num-
ber of whom are totally incapable
of writing or reading, and are therefore
dependent upon the Curnoms of their
Villages for the correctness of their
accounts &c — I certainly cannot
consider ~~these~~ such persons to decide
on the claims and disputes of individ-
uals — In the case of the disputes
of Brahmins, I fear that any attempts
of theirs on a fair distribution of
justice would fail — the ~~subtlety~~ subtlety

the ignorance of the other, would at

Gentlemen,

Para 1st I have the honor to forward a Plan and Estimate for erecting Choultries or rather Bungalows for the accommodation of both European and Native Travellers in this District — they are six in number on the high road leading from Trichinopoly to Dindigul — I trust any on the Cross roads, will I think be of little use —

2d The Estimate for each Bungalow is 746. 2. 7. This is the very outside — Deducted I conceive if the sum of 500 Pagodas is allowed for the completion

of each, would be sufficient, and a Peon
once can be left in charge of them, to
whom an allowance of 5 Pagoda ₱ Mo.
Mo. seem can be made — These are many,
I have ascertained will readily understand
the Office —

3d. The undermentioned are the
places I am desirous of their being
erected — Here enter the names

At Cuddapah
Cottampetty
Tonnencorche
Mellore
Madura
Terrinegalom

At Cuddapah & Cottampetty — These are no accommodations whatever for Travellers, some kind of building is absolutely necessary.

At Tonnencorche — There is a small Choultry but can accommodate but few people, and is in a very bad state.

At Mellore — There is an old Bungalow but in such a ruinous state as to require thorough repair.

At Madura & Terrinegalom — There is no accommodation for an European Traveller

a building that is of some Relief in
much wanted –

a Purwanah for the allowance of 1/- per day - after
his death, it was continued likewise to my Mother
but since her death I came & waited at the
Durgah to represent my Case, but not knowing the
Custom, and being in distress I and my Children left
the Country to Earn a livelihood, and as protection
is afforded to the poor, I entreat that my Case may
be taken into Consideration, as I labour under great
distress with an infant family, and without any
support
